TWO DOGS®
Premium Tequila
San Diego, CA

Two Dogs Tequila is an artisanal spirits company based in San Diego, California. Unlike other brands that mass produce their products, Two Dogs produces small batch, high quality tequila made with 100% pure fair trade agave. Two Dogs is privately held, with a small number of employees who monitor every stage of the process to ensure the highest quality of product makes it into the bottle. By working closely with select small agave farms in Mexico, Two Dogs has been able to create a consistently excellent product, and offer tequila that is ethically sourced. The name of the company was inspired by the owner's two rescue dogs, Bella and Harriett, who have the type of fun, friendly personality that Two Dogs culture embodies. Two Dogs is also an ASPCA partner, and donates a portion of profits yearly to local no-kill shelters.
